

Limpia is an ancient technique of energetic cleansing used in shamanism. Healers all over the world use the physical egg while offering this ancient healing ceremony.

Cosmic Egg, Universal Egg, Eternal Egg,, etc. – there exist so many names for this Primordial Source of all: Gods, material world, the Universe, Macrocosm and Microcosm – bacteria e viruses.

During Limpia we release also our emotional states which block us: stress, fear, depression and many others... These energies are replaced with our Personal Strength that helps and supports us during our everyday life.

People that have already attended the online Limpia with me know perfectly the transformational power of this ceremony.

During our meeting we shall first undergo our personal healing and then we will offer the power of our circle to our dear ones – people and animals.

Monday, May 24th 10.00 AM PT – Limpia in English!

Your knowledge about shamanic ceremonies is not necessary – what is really important is your sincere desire to improve your psychical, spiritual and even physical state!

LIMPIA!
